

Vote for **Hillary Skoczylas** Haldens Division

Dear party members,

I am standing to work hard and bring people together for the residents of Haldens and the Liberal Democrats at a county level. A recent example of my approach was the local campaign I led, as Chair of Governors, to gain listed building consent for a primary school in Haldens Division. After 30 years of frustrations, we undertook thorough research, put forward a reasoned argument and mobilised community support, to bring positive change.

Since 2017, as a party member, I have campaigned locally for every Lib Dem Sherrards ward candidate. I live in the division and am well known by residents. I was a qualified primary school teacher and worked in International Development for the British Council both abroad and in the UK. Within my current role I work at a strategic level, supporting teams, reviewing financial reports and sitting on company boards. As a lifelong Lib Dem supporter, I feel the moment is right to increase my responsibility within the party.

My priorities are:

- **Education.** Holding county to account over damming SEND report
- **Transport.** Road conditions, bus routes and availability, cycle paths
- **Environment.** Recycling and refuse processing, energy efficiency

Yours faithfully,
Hillary Skoczylas
